

# ASV LiteDisc

The easy way to create LED signs

*ASV LiteDisc™ is a combined LED light source and fixing point for illuminated signs.*

*LiteDisc opens up new concepts in sign design. Irregular shapes, frameless displays, branded fittings – all are easy to manufacture and install without specialist knowledge or equipment.*

## ASV LiteDisc advantages

- Latest 'high flux' LED technology
- 24/7 operation for >5 years with zero maintenance and minimal dimming
- Low voltage and low power consumption
- Quick, easy and safe to install – no specialist skills required
- Robust and durable
- Easy to customise – select LED colour, disc colour or client branding
- Use multiple discs to create large panels

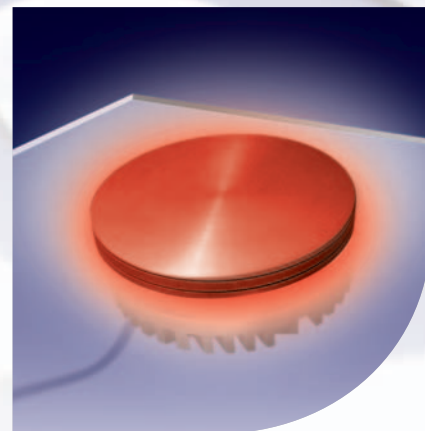

## ASV Lite applications

- Retail displays
- Nameplates
- Point of purchase
- Custom signs and interiors

**NEW  
ENERGY  
EFFICIENT  
SIGN LIGHTING**
